

THE ILLUMINATOR

Your weekly newsletter for all things Illuminate @ Aspire!

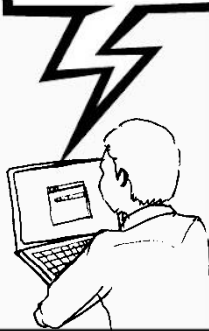

Volume 1 Issue 1
August 2015

FUTURE ILLUMINATE EXPERTS TIP OF THE WEEK:

During an online test, [monitor your students' progress on an assessment](#) in two ways (during + after):

- 1: Go to the "Online testing" screen under Administration" ...you'll see your rosters for that test. Click on the actual number in the "Students" column, and you'll see start/stop times, and you can "force finish"/"resume" for that student.
- 2: As soon as students finish, go to the "Enter/Edit" screen and click "grid" to view all students' responses Click "constructed responses" & scroll through all of their hard work! You can enter scores all at once!

"I CAN PROGRESS MONITOR DURING ONLINE TESTING!"

"WHO CAN I TURN TO FOR HELP?!"

HAVE NO FEAR! GO TO:

- * [Illuminate Help Resources Page](#) (MyAspire)
- * help-dna.illuminateED.com (Illuminate's help page)
- * Call Illuminate directly at: (949) 242-0343
- * Will Georges is your guy at Aspire! email at will.georges@aspirepublicschools.org

MY NEW BEST FRIENDS!!!

YOUR TWO NEW BEST FRIENDS IN ILLUMINATE ARE...

BFF#1: "Manage Portal Access" in "Students" tab, to view your students' usernames & passwords,

BFF#2: "Enter/Edit" under "Administration" tab in an assessment to view, edit, & score responses!

"...my students can't log in, even when I can see they have a username & password!"

ILLUMINATE TO THE RESCUE!

- * Go to "Manage Portal Access" (your new BFF#1!), check mark "disable" next to that student and click "disable."
- * Then click "add a student" at the top, click "find students" and then check mark the same student. Finally, click "custom password" and re-enter their temporary password "aspire" to enable student access again.

TROUBLESHOOT: "IF ONLY I KNEW WHAT TO DO WHEN ..."

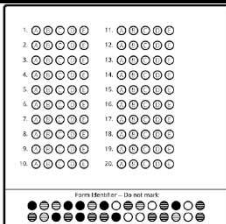

INNOVATION OF THE WEEK:

[Ready to test your cut/snip + paste skills?](#)

SPICE UP YOUR PAPER/PENCIL ANSWER SHEETS!

After printing your students' sheets ("Assessments" tab → "Print GradeCam Answer sheets"), use your favorite snipping tool to snip each student's answer sheet bubble from the Illuminate PDF doc.

(Warning: Don't block the lines in the bubble sheet!)

Then, paste each student's answer bubble square onto a separate word doc with your college logo, fun games, or activities to make your students excited about learning!

"...it gives my students immediate feedback on how they performed, and gives students multiple methods to show their learning!"
