

MESSAGE TO STAFF

The IO Assessment system has been restored to a new secure server and the system is currently available for use.

Items that have been restored include:

- Item-based exam creation, including our Regents item bank
- Bubble sheet exam creation
- Printing bubble sheets
- Scale and cutpoint creation
- Reporting for exams

Items that are still being restored include:

- IO Scan - We expect this to be restored by Friday afternoon
- Online Testing through PupilPath, Viewing Results and Exam Preview - We expect this to be restored early next week
- Hybrid Exam creation - Exams can be created; we are continuing to restore uploading the PDF exam questions
- Email reports

We apologize for the inconvenience these outages may have caused you. Please watch the [resource](#) page for continued restoration updates.
