

## Take Back Time with Content Loading Services & Workshops

Every minute counts in education. Whether it's time constraints or technical expertise, we've got you covered when it comes to content loading. Collaborate with our specialists to efficiently load the assessment content you need into DnA or SchoolCity. The level of support is designed specifically to meet your team's needs.

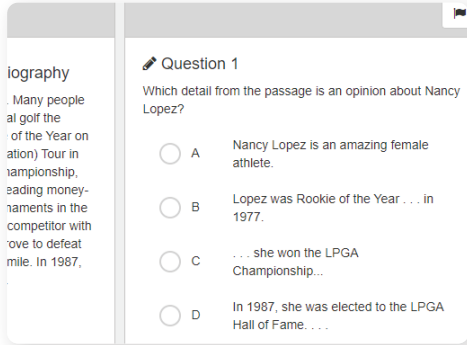

### BENEFITS:

Partner with Illuminate's Content Loading experts to:

- ✓ **Save time** by having our team directly load the assessment content you need from a variety of sources (district owned, publisher content, state released assessments and item banks, etc.)
- ✓ **Streamline processes** by linking documents to curriculum mapping guides
- ✓ **Build capacity** with a team training event on how to load assessment content
- ✓ **Empower your team's data culture** by linking tiles to sets of assessments
- ✓ **Ensure copyright approval** by having our team work with your team and the publisher/owner to request their official approval for loading and usage

## How can Content Loading Help You?

### Loading Services

Consolidate your assessment content and data into a single assessment system; we will apply our expertise and best practices to create and share the content right to your account.

### Content Loading Workshops

Collaborate with our content loading specialists to receive hands-on support and guidance in creating assessment items and building assessments.
